- What would happen if you lost it all today?
- ***WE CAN HELP YOU GET STARTED NOW!***

Trust a reputable source, trust TechMate!

Option B:

\$100 a month

1yr. Contract

Paid Bi-Annually

To understand how important your data is to us, these are the precautions we use to ensure your data is well taken care of:

- We Verify ALL Backups
- Redundant Data Disks (RAID)
- High Surge Protection
- Long Battery Backup
- Non-Static Floors

For security reasons we keep only the last 3 backups to ensure up-to-date information for a restoration.

* A backup of 100GB or more requires a 1 year contract. A backup of 250GB or more requires a 2 year contract.*
